Facebook	Show your creative side! Denton Preschool Center just got a new shipment of art supplies donations. Open-ended activities like art promote divergent thinking. There are a lot of new crayons and coloring pages that will definitely help young minds flourish. Thank you to all of the people that made art donations. Denton Preschool Center appreciates it.	https://denton.dentonpreschool.org	https://pixabay.com/photos/crayons-coloring-book-coloring-book-1445053/	
Facebook	Study up on your Alphabet skills. Last week the Denton Preschool Center kids learned the alphabet song. Did you know that singing is a great way to learn and memorize new information? This week students will be showcasing their alphabet song skills on Friday. Parents are welcome to come to watch. Check the school calendar for more details.	https://denton.dentonpreschool.org	https://pixabay.com/illustrations/font-type-text-kids-children-2111748/	

Facebook	<p>Say Cheese! Class picture day is coming up next week at Denton Preschool Center. Parents make sure your child has their brightest smile this week! A form will be sent out on Monday for parents to buy school pictures. Remember that 15% of each sheet of photographs purchased goes directly back into the school budget. Please send the form back to school with your child indicating the number of sheets you would like to order.</p>	https://denton.dentonpreschool.org	https://pixabay.com/photos/child-kid-happy-child-smiling-1720484/ https://www.canva.com/design/DAEZjnTWsAw/TMZzqlm_4K_MhaOIjAxErq/edit?layoutQuery=Facebook+Posts	
Facebook	<p>What's your favorite animal? This week at Denton Preschool Center, we are focusing on animals. We will have a picnic lunch outside on Wednesday to watch for birds. You will not need to provide a lunch for your child that day, because the school will provide one. Each sack lunch includes a full serving of both fruits and vegetables that the children have selected. Being healthy begins with what goes in our bodies. Eating healthy promotes growth and development.</p>	https://denton.dentonpreschool.org	https://pixabay.com/illustrations/play-dough-clay-plasticine-squirrel-5497942/	

Facebook	<p>Tell us your favorite color! Our favorite is purple. This week at Denton Preschool Center, we'll be studying the color wheel. Each day students are encouraged to wear their favorite color! Making learning engaging and meaningful is an important part of the curriculum at Denton Preschool Center. We don't just want children to be able to name their colors but have real-world experiences examining, creating and interacting with the colors.</p>	https://denton.dentonpreschool.org	https://www.pexels.com/photo/vase-with-violet-pigment-streams-in-water-6402529/	
Facebook	<p>Teamwork makes the dream work. This week we are focusing on how our students can work as a team to get things done. Each class has a competition going to see which one has the best teamwork skills. We value this as an opportunity to help children learn the important skill of collaboration. Please like and share to support the teams.</p>	https://denton.dentonpreschool.org	https://pixabay.com/photos/hands-friendship-friends-children-2847508/	

Facebook	<p>Reading is amazing! Denton Preschool Center promotes strong readers and influences kids to show off their reading ability when they are ready. Parts of early understanding when it comes to literacy include reading, writing, speaking and listening. Families of all income levels should have access to books and engage in rich discussions with their children. This week Denton Preschool Center encourages our students to think of what their favorite book is. Then draw a picture of it and talk about it during share time. Be sure to ask your child to share their drawing with you. Comment your favorite book below.</p>	https://denton.dentonpreschool.org	https://pixabay.com/photos/picture-books-subject-book-108539/	
Facebook	<p>Family is unique! Denton Preschool Center proudly supports our diverse and multicultural population. This week Denton Preschool Center is celebrating all families! Each student will make a special gift to take back home to their family and show their appreciation for their loved ones. Like</p>	https://denton.dentonpreschool.org	https://pixabay.com/photos/swan-babies-baby-swans-2494925/	

	and share if you're looking forward to a big surprise coming later this week!			
Facebook	Get ready to get messy! Multi-sensory experiences are important to early growth and development. This week at Denton Preschool Center, we will be making tie-dye shirts and splatter painting a school banner. The children will be wearing painting smocks. However, be sure your child wears clothes they don't mind getting paint on just in case, as these activities can get rather messy.	https://denton.dentonpreschool.org	https://pixabay.com/photos/love-hippy-rainbow-colorful-2212969/	
Facebook	Get ready to build! Building with blocks promotes many higher-level thinking skills including, problem-solving and spatial awareness. This week Denton Preschool Center is focusing on architecture. Each student will be working to recreate the building they live in with clay and building blocks. Parents should text a picture of their home (homes) and send it to the school. This way,	https://denton.dentonpreschool.org	https://pixabay.com/photos/building-blocks-colorful-build-456616/	

	the teachers can print it out, and each child has a reference picture to look at while building.

Twitter	Big Fundraiser coming up! This Friday at Denton #Preschool Center the kids in age groups four and five are hosting a funny play. Tickets are three dollars for minors and seniors and five for adults. Invite friends and family!	https://bit.ly/3cW8Yts	https://www.pexels.com/photo/laugh-neon-light-signage-turned-on-1115680/	
Twitter	How cool is the #eniornment? Caring for the earth is important to Denton Preschool Center. This week students will be #learning about different ecosystems! Take a walk with your child this week and help them find five items in nature that they can share with the class.	https://bit.ly/3cW8Yts	https://pixabay.com/photos/forest-trees-nature-woods-greenery-272595/	
Twitter	Denton Preschool Center is looking for more people to join its board. It needs people who have experience in human resources, child development, legal needs or advertising and marketing. Check out the website for more details.	https://bit.ly/3cW8Yts		

Twitter	As a part of promoting school spirit and a sense of #community, Denton Preschool Center is adopting a #mascot for the school. Comment and share to help decide what it should be!	https://bit.ly/3cW8Yts	https://www.pexels.com/photo/brown-dinosaur-mascot-2564846/	
Twitter	#Snack time is our favorite time. This week students are talking about the food pyramid! Many families don't have access to healthy food options. Denton Preschool Center works to help fix that by growing all of its snacks in a community garden. Comment your favorite snack!	https://bit.ly/3cW8Yts	https://pixabay.com/vectors/vegetables-fruits-food-artichoke-155616/

Instagram	Children are the future and allowing them to get a high-quality education is extremely important. Many children in low-income families are subjected to a subpar early education that leaves them behind their classmates. If every child was given a high-quality education, all children would have the same opportunities in elementary school. This eliminates the feeling of being less than in	https://denton.dentonpreschool.org	https://www.pexels.com/photo-of-two-girls-playing-with-stuffed-animals-3662839/	

	<p>students and promotes advanced learning in early elementary school. Denton Preschool Center believes high-quality education is for everyone. However, the school needs others' voices to help spread the word and help gain support and funding for the school. Click the link in our bio to learn more about donations.</p> <p>#Preschool #Learning #Denton #Support #Children</p>			
Instagram	<p>Denton Preschool Center would like to congratulate one of the student teachers, Miss. Katie from the Honeybees, for graduating college! She graduated from Texas Women's University with a degree in early childhood education this past fall semester. She has decided to take on a full-time job here at Denton Preschool Center. The school is looking forward to seeing her more frequently, and we know the kids are looking forward to her fun arts and crafts time. We love each of our teachers and help create a happy and inclusive work environment for all of</p>	<p>https://denton.dentonpreschool.org</p>	<p>https://pixabay.com/photos/teacher-care-support-education-590109/</p>	

	<p>them. By showcasing diversity, we create a safe environment for both staff and students alike.</p> <p>#Congradulations #TWU #Preschool #Gruaduating #Denton</p>			
Instagram	<p>It almost #fluseason and Dentons local pediatrician's office suggests that everyone gets their shot this year to prevent #illness. Denton Preschool Center partnered with Tomas Medinas pediatric office to offer the families it serves flu shots on Saturday from 10 a.m. to noon. Students may remember Mr. Medina as Josefa Medina, one of the school's chair board members, husband. Students and their #families need to stay safe and #healthy. Denton Preschool Center cares a lot about every one of the students and wants to see each of their exciting faces and pretty smiles as often as possible. The flu can easily harm a child's immune system. It is important to recognize symptoms of the flu. According to Cook Children's, some symptoms include fever,</p>	<p>https://denton.dentonpreschool.org</p>	<p>https://pixabay.com/photos/ambulance-doctor-medical-2166079/</p>	

	body aches, headache, sore throat, cough, runny nose and more. Check with a doctor if you are experiencing any of these symptoms. #Preschool #Denton			
Instagram	Social-emotional learning matters. #Students starting preschool for the first time can have social challenges. Starting school can be difficult for children. They may have trouble making #friends, sharing with others and having #anxiety about separating from their families. Denton #Preschool Center works to make all of the students feel included because the teachers know that starting school for the first time can be scary. The school administration wants our students to feel comfortable when they start school. #Education is important and one of the best ways to learn is being comfortable in your surroundings. This makes minds more engaged, giving students the ability to grow further as learners.	https://denton.dentonpreschool.org	https://pixabay.com/photos/girls-children-friends-kids-young-462072/	
Instagram	The importance of #play and #physicaleducation	https://denton.dentonpreschool.org	https://www.pexels.com/photo/	

for children at a young age is immense. Physical education can boost brain improvements and can create #community within a class. Growing #children have lots of energy that needs to get out throughout the day. When schools have a set curriculum that allows for movement throughout the day, it increases productivity and engagement throughout the class. Denton #Preschool Center helps flourish young minds by promoting all kinds of learning including physical education. Denton Preschool Center believes that children learn best through play. One way to increase outside learning is by updating the playground outside of Denton Preschool Center. The playground equipment is old and not easy to play on. The Denton Preschool Centers board members have set up a donation station on the website where people can help the school contribute to the new playground equipment.

Facebook/Share	The Denton Public Library has a great book selection for all ages. There are plenty of genres to choose from in the library. It has books as well as DVDs and magazines that are available to be checked out by anyone with a library card. There are many advantages to reading especially, at a young age. It can help grow the mind's cognitive abilities as well as introduce them to new words. The Denton Public Library even has a section of its website where a parent can fill out a small survey about their child. The librarians will then recommend a book for the child that can be found at the library. The library is accessible to all income levels and works to help people of all backgrounds.	https://library.cityofdenton.com/
Facebook/Share	Cook Children's in Denton offers flu shots to children of all ages. Cook Children's works hard to ensure that children and families are safe. Flu is one of the most common illnesses during the school year. Many children in preschool have not fully learned about germs, and it is easy for them to share unwanted diseases with their classmates. Cook Children's is accessible and well versed in the way that they work with kids. The hospital staff has created lots of visuals and infographics that appeal to younger audiences. Cook Children's has been around for about 28 years and has worked to help children stay as healthy as possible.	https://cookchildrens.org/pediatrics/denton/north-denton/Pages/flu-shot-appointments.aspx
Facebook/Share	The University of North Texas and Texas Women's University has created partnerships for field-based experiences for early childhood education and child/human development. This helps give students hands-on experiences working in preschool environments that they may not	https://childdevelopmentlab.unt.edu/about-us

	<p>have actively tried to pursue before the program. An advantage of studying early childhood education at the University of North Texas and Texas Women's University is the vast number of preschools and other early childcare centers in the area. This allows many students to have first-hand experience. This is especially important in understanding early childhood education.</p>	
Facebook/Share	<p>Shiloh Garden is a community garden based in Denton, Texas. It is working to fix community hunger and help feed those who cannot afford to feed themselves. Shiloh Garden promotes healthy diets and is the largest community garden in the United States. The Garden allows people to sign up, plant, and harvest their food. This brings a sense of community and responsibility. As well as promoting fresh, healthy food choices that many communities may not have available to them. This can be fun for all family members regardless of age. They can work together to harvest their foods and bond with one another.</p>	<p>https://www.shilohfield.com/</p>
Facebook/Share	<p>The United Way in Denton County works to help communities and families all over the city of Denton. This organization is working to make Denton County a stronger, healthier and overall better place to live. It works to help nonprofits and other organizations find volunteers and collect funding. This organization also helps older citizens get help in any way that they may need. Along with that, it helps fundraise for early childcare. Allowing schools to have the resources they need to promote growth in student learning at a young age. It also helps connect any individual regardless of age or income with the mental health services</p>	<p>https://www.unitedwaydenton.org/</p>
